FOR IMMEDIATE RELEASE

FIRE ON OWEN SOUND CAMPUS

Notice to Supporters and Concerned Parties

Owen Sound, Ont. (January 7, 2020) — Overnight, a fire broke out on the Word of Life Canada campus. The fire started in an unoccupied apartment and spread to another apartment above. There is extensive fire damage to the two apartments and smoke and water damage to the other apartment in that building as well as the attached girls' dorm.

We are thankful for the fast response of the Inter Township Fire Department which saved the building from total destruction.

We praise God that there were no injuries to our staff or students. There were minor injuries to two of the first responders who came to the property to put out the fire.

We are currently working with our insurance provider to determine next steps regarding clean up and use of the building in the areas not damaged by fire, and putting a plan in place for reconstruction of the damaged areas.

We have established a fund for those who wish to contribute towards the costs of getting things back up and running beyond what the insurance company may cover. To give online please visit our [website](https://www.wol.ca) and select the Fire Restoration project. If you wish to give by cheque please indicate Fire Restoration in the memo line of your cheque and mail to:

Word of Life
