Dear Supporters and Friends-

10 short months ago, we experienced a fire on our campus. It seems so long ago, and yet, looking at our buildings today, you would never know it even happened! The ServiceMaster leadership team was amazing to work with through this entire process.

After the initial fire restoration took place, we began to plan out the reconstruction details. Part of this process allowed us to redesign some of the sections of the damaged buildings, making the layout more conducive to our needs.

After 4 ½ months, we are pleased to share with you that the reconstruction is complete. What a blessing! Your prayers and donations have been greatly appreciated as we sought to rebuild our campus for God's use and glory.
